CYBER SECURITY AWARENESS

FEATURED SPEAKERS:

MR RUBEN MARTIN
Business Development Director,
Nexusguard

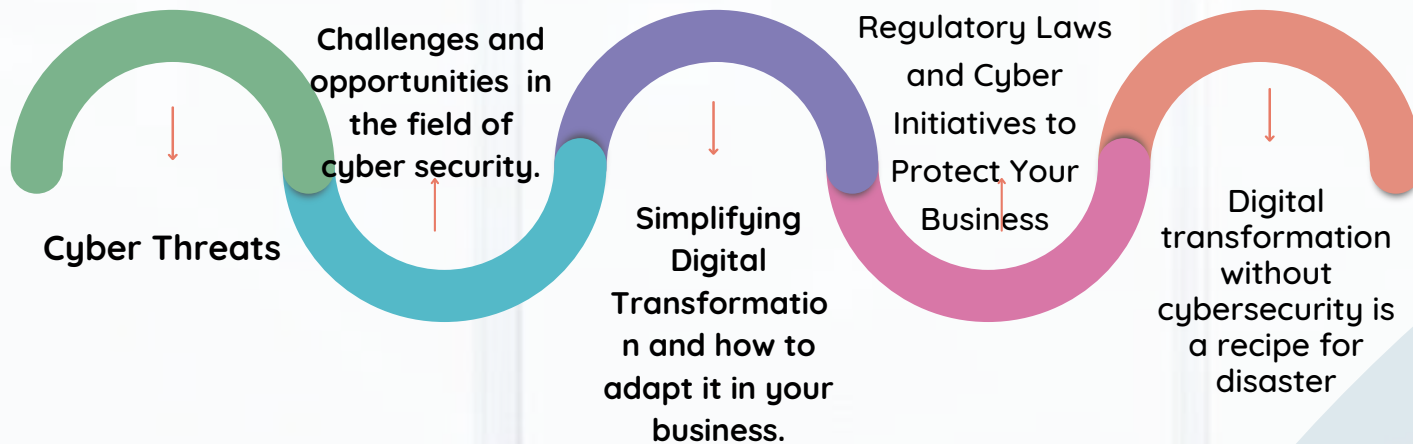

MR LEWIS CHUO
Head of Enterprise Sales, irix

MR KAH HOWE LEE
PANELIST SESSION

Digital transformation is essential to a company's existence in the 4th industrial revolution. Organizations may stay relevant, adaptable, and productive in a fiercely competitive market by converting manual processes to digital ones. To help the economy, the Malaysian government has been actively promoting the adoption of digital transformation. Due to the pervasiveness of technology, the usage of automated applications has been increasing, hence the foundation of a successful digital transformation Cybersecurity. How do you get started?

Course content

Learning outcome

Organization can learn how to identify threats like cyber attacks, data hacks and phishing activities, along with the protocols for assessing the risk level, reporting the incident and fixing the issue

Education on possible application software to safeguard against Cybersecurity

To recognize malicious methods used by cybercriminals, how they can be easy targets and spot the potential threats.

The talks helps the organization to be aware of the possible consequences and can safeguard their infrastructure from outside attacks.
